yeah, there are tons of anime like sword art online. you can try Overlord. but I did rather suggest One Piece, attack on titan, full metal alchemist

Its called isekai and there's an ass ton of it every season, much of it far better that SAO. Try KonoSuba, Reincarnated as a Slime, Log Horizon, Overlord, Youjo Senki and Grimgar.

Log Horizon came out before SAO and i believe gave huge inspiration to SAO.

Also check out Black clover, Really good anime.

Btooom! <--- need to beat the game and survive

Mirai Nikki <--- every man for themselves kinda game though in real life

Re;Zero <--- Transported to a world, trying to survive

Konosuba <--- hilarious comedy in a new world MC has been reincarnated into Mondaiji-tachi ga Isekai kara Kuru Sou Desu yo? <--- kinda like Konosuba but more character-driven/comedic antics

Zero no Tsukaima <--- Summoned to new world as a 'Familiar' to a magical student (harem/fanservice stuff)

C: The Money of Soul and Possibility Control <--- Digital world involving survival

Dungeon ni Deai wo Motomeru no wa Machigatteiru Darou ka <--- kinda like an MMORPG, except with Gods & Goddesses ruling over like GMs.

Quoting the user above because I'm currently watching this now, OP. It's fairly good.

I don't seem to have enough posts to have a link, but you can search Itai no wa Iya nano de Bougyoryoku ni Kyokufuri Shitai to Omoimasu. on MyAnimeList.

Another one airing this season:

Infinite Dendrogram

Infinite Dendrogram isn't the greatest, but it's not terrible so far either.

Battle24 - February 14, 2020, 3:45 am

As the user above suggested, try infinite dendrogram. I hates SAO tbh :D

greggdowny1 - September 10, 2023, 10:02 pm
