Thread: [Make from 2k to 10k\\$ per month](#)

LayersOSImodel - December 4, 2019, 5:27 am

- Create an ebook, an advertise, a video with a title as "make ****\$ per (day/month/minute/second/millisecond), autopilot..."
- sell it on HF, promote your site product on social media if you sell through a website and not on HF
- working or not doesnt matter its only 10-20\$
- people will buy it with this state of mind (aright its only few dollars if i get scammed its fine), enjoy your money.

Dont thank me.

this is legit, been proven to work on HF since its birth

Vouch for the method, I did exactly as OP told me and now I have gotten out of poverty, a bit of background story. I was living on the streets when one of my old mates who was homeless like me came to me wearing the finest clothes and I look at him and say, "Dave, you won the lottery or something? Damn, bruh where you get those threads?" Dave doesn't say a word and signals me to get into his new Tesla Armored Truck. I follow him on a nice ride to a mansion greeted by maids. I look at him and said, "Dave is this your home?" He nods slightly. He brought me down to his study and I was still taken aback to how he got rich so quickly, I was shy to ask, frankly I was a little afraid of him cause when we were down in his study. He looked at me in disgust, almost as if he was looking at a shadow of his former self. This goes on for a solid 5 minutes. He suddenly leans over to me and whispers in my ear, "Never before seen footage 100% success or refund." As he leans back he was holding a laptop with hackforums on it.

Ever since that day I am now a new man, I have an amazing life sleeping with any girl I please, I wear the nicest threads and eat only the finest meals and its with great pleasure to say that there is a twist to this story, I refunded the ebook.

Plus repped because you're new and don't deserve neg reps over troll threads.

SilverAmerican - December 31, 2019, 8:16 am

My experience on it is that some of the methods however most dont and the ones that do require such large investments that no one can afford to do them.
