Thread: [Dropshipping essentials?](#)

Charlemagne - December 4, 2019, 9:18 am

What are the essential tools for dropshipping? Facebook page, Oberlo account, Shopify page, Aliexpress account?

Shaggy - December 4, 2019, 10:36 am

Product Scrapers to find out what product is trending today or has a little competition but profitable

Haven't heard of that before, can you give me one or two examples so I can do more research?

Shaggy - December 4, 2019, 11:15 am

I personally use "[Niche Scraper](#)" to find out the latest trends and other stores activity [What they are selling & what my store is lacking vs them]

Here's a photo to give you an idea on what is inside
