I do not like leakers they are scum but you show no proof of him leaking the method how do you no he leaked it or is gonna leak it or are you just assuming ? I would give him a vc before I gave you one. How can you judge his rating with out purchasing the ebook you have no information what the ebook includes ?

why would he leave such a crappy vouch? he literally put not effort into it. looks like a review he copied from pastebin. did he leave u the same type of crappy vouch. cause if i was a seller doubt would feel good about giving away a method and receiving a fake ass looking vouch as of course no one is gonna believe it. and we assuming at this time until we see it on other site. and you telling me you like that vouch?

Could be better seems like the review he instantly looked over it and left the review

I honestly would like a review more where the user took a few days going over it and using it.

Showing payment proof. You are right on that its not the best but I wouldn't assume him to leak it.

Like you said keep your eyes out and see if you find it leaked I don't like assumptions tho.

I absolutely abhor those kinds of reviews, that give no extra information whatsoever and make it clear that the person was there just to get a free product. We should at the very least issue them a warning for doing so.

vyactor - December 8, 2019, 6:18 pm

He either got some favor for doing that or is lazy to write a detailed review.

??????????Michael Kors - December 8, 2019, 6:36 pm

Simple and straight to the point. That's what I would expect.

Popstar - December 8, 2019, 6:52 pm

Just sounds honestly like every other review on this site. No details and generic answers

rsx - December 10, 2019, 12:49 am

Nothing you can do to avoid this sadly, just some lazy ass who probably didn't even read the method.

Threat - December 10, 2019, 4:59 am

Hello, just some closure, I didn't know who AYMG was until like 2 days ago when he asked for the vouch copy. I agree that there should be way more detail added.

LOLMAN - December 10, 2019, 8:26 am

I asked AYMG and he said he didn't try it out. There is no great review because he didn't use it.
