Thread: [A great Xss Scanner\(has found 500+ xss\)](#)

longwenzhang - December 12, 2019, 6:48 am

[//github.com/lwzSoviet/NoXss.git](#)

I do some research in xss recently, and I have found a xss about python2.x&python3.x. It's [//cve.mitre.org/cgi-bin/cvename.cgi?name=CVE-2019-16935](#), and [//bugs.python.org/issue38243](#). I also receive \$500 from hackerone about this issue at [//hackerone.com/reports/705420](#).

So I decide to make a xss scanner named "NoXss" that can find xss automatically and I have finish it in one month. This tool is very fast and powerful. Why?? I have found 100+ xss by using it to scan internet traffic in one week, here are some screenshots:

[//github.com/lwzSoviet/download/blob/master/images/xss1.png](#)

[//github.com/lwzSoviet/download/blob/master/images/xss2.png](#)

[//github.com/lwzSoviet/download/blob/master/images/xss3.png](#)

[//github.com/lwzSoviet/download/blob/master/images/xss4.png](#)

It's [//github.com/lwzSoviet/NoXss.git](#), just clone and enjoy it!!! ? ?

Forgive me that I can't include link like 'http s ://' in the post...
