Hey,

Looking for someone UK (mainly), UAE and US to help with sales and customer acquiring.

Customers include, high profile clients, one off purchases and consultancy clients.

I have access to all the products, from a legitimate source, boxes, papers and warranty included with nearly all products.

I am also accepting finance and buy now pay later through the website (currently being set up).

All payments over 5k require KYC and all payments through CashApp, BankTransfer, BTC, ETH, XLM, USDC. Shipping worldwide tracked and insured.

14 day money back guarantee included with all sales.

12 month warranty on UK stock.

US stock 1 month warranty and 7 day money back guarantee.

Both new and used watches for sale.

Products included but not limited to:

Rolex

Audemars Piguet

Panerai

Hublot

Patek Philippe

Richard Mille

Custom Diamond Jewellery

Custom Diamond Bezels

Cuban Chains

Payment will be in commission and will be working remote, marketing material, tools and finance will be provided.

Commission can vary from \$200 - \$5000 per watch sold.

These watches are highly sought after, if you can get the right clientele, you could make a pretty decent amount monthly.

You only need 3 to 5 watch or jewellery enthusiasts.

With custom jewellery, consultancy is free if they purchase the piece or there is a \$100 charge, which is split with you. If they purchase you will get commission plus \$50.

Average sale is \$5000.

My current clientele is in the UK, looking to expand to USA (as I have stock there) and UAE (also

stock here).

Hmu with your skype or discord.
