Making easy passive money and I do nothing!

<https://gyazo.com/cbccf4a41aff8b9e60ea77f67e3301cd> - 12 days profit.

Got an extra \$100 for getting 10 people to sign up in the first month!

I'm doing affiliate marketing if anyone is wondering.

That's included in my method.

I get 40% Commission per sale if that helps.

It's a direct affiliate program with the company, I don't go through a network.

Is there a way to scale up these earnings much higher?
