Thread: [Best place to buy LEGIT giftcards via btc?](#)

TheMedigator - December 15, 2019, 12:17 pm

Where's the best place to buy bulk giftcards for amazon?

Wanting to buy them via card / bitcoin / paypal.

I don't really want to buy them on forums as people keep selling e-whores ones and stuff.

You only get discounted prices at forums (risk involved)

Bitrefill is a good app I use to buy gift cards with btc. Sends you the gift card on your email instant and no crazy fees.
