Thread: [\[NSFW\] Violence in Shrink Ray Island](#)

NotATroll - December 17, 2019, 3:28 pm

WARNING: This post has the word "troll" and it also proclaims violence.

I wish for violence in Shrink Ray Island instead of Happy Tree Friends. Don't worry, I will love Shrink Ray Island better with violence, and this post is not hate. Don't forget to put extreme violence in Shrink Ray Island. P.S. Calling this thread trash is trolling.

Here is what C.J. looks like after she put a gun in her mouth and shot her head off with a gun.

I feel like I'm missing something. What exactly is the purpose of the thread OP?

This has by far got to be worst and most annoying thread posting series I have ever seen a user go after.

It's the only island on Poptropica that needs violence to be complete.

He's not a troll, because trolls don't have heads. Nobody can have a brain if they don't have a head.
