Promotional code offer is provided by Google and subject to the following terms: Offer must be redeemed by 11.59 p.m. Pacific Standard Time (PST) on 6 October 2019. Available only to users who are current paid members of individual plan, student plan and family plan head of household of YouTube Premium, YouTube Music Premium or Google Play Music on 12 September 2019.

This has ended long back bud. :c

But I wouldn't mind if we were flooded with codes of nest mini.

That's the message you get when you are not eligible. The date they give is not correct. Offer still stands.
