I hope everyone is having a great day celebrating Christmas or Hanukkah. Recently I made a vpn for fun and today I want to give it away to those who are geo restricted and or just want a vpn to use and don't want to pay for one. [Click Here to pm me for a username/password!](#)

Features:

Unlimited Bandwidth usage

UDP / TCP support

IPv4 / IPv6 support

Kill Switch (still needs work)

Ad Block (still needs work)

data encrypted with AES256 (highest level encryption)
