Thread: [A quick New Years reminder for everyone](#)

Mullet Muscle - December 31, 2019, 5:35 pm

A lot of people are going out to New Years parties or drinking elsewhere so be safe, try not to drive. Call an Uber or a friend or relative to pick you up. It's hectic this time of year on the road, you probably say it'll never be you that has an accident but its an accident for a reason and it happens all the time to those who think it won't happen to.

Hope everyone has a good one and stays safe.

[Aeowulf](#) I got you a safety reminder for the list ?

Amen. See, this one is worthy of its own post. Hence, it shall top the New years tracker.

Thank you good sir. ?

I definitely hope anyone on HF who's planning on going out this evening and drinking and driving see this and think about it before doing something stupid.

Yeah man, hopefully some see it at least.

Better to get the message across to some rather than none
