Edit: I only have 1 code left in stock. Vouch proof below from a previous buyer.

My brother and I got new xbox one s consoles for x-mas. They both came with these digital vouchers. We are not interested in playing this game so I figured I would try selling them here. Asking \$15 per code. I accept BTC or any other alt coin accepted on coinbase. I will also accept venmo payments from trusted HQ buyers. These vouchers are selling for around \$40 on ebay. Also I think they may be NTSC/North America Region Locked. Not sure, so if you live outside of the US, buy at your own risk. BTW, we have already redeemed the EA Access vouchers.

EDIT: Users have pointed out xbox one codes are region free, but I have not personally contacted MS support to validate this.

Pictures of proof below. Buyer goes first.

Thanks! ?

You possibly might can just change your location on your xbox

A long time ago I got a digital copy of skyrim for 360 off ebay I had to change my location to EU to get it to work.

Money4life - January 5, 2020, 4:20 am

I believe it's North America, not sure if it's actually region locked.

NA but Xbox is region free if I'm not mistaken so it doesn't matter.

To help with your sales, all Xbox One game codes are region free, currency however is region locked.

Good luck.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
