You need to have l33t before upgrading to ub3r.

We recommend you take the time to read the [HF Help Documents](#) section. The answer to your questions should be contained in there.

You don't need the lifetime I believe only the 6 month then you can upgrade to Uber.

Ub3r is a 1 year subscription. So let's say you get 6-month L33t, then the 1 year Ub3r. After that year, you'll be a regular member again.

Choosing the 6-month l33t can save you money in the short term but if you plan on being a part of HF for a while you might want the permanent l33t.

[Bambi](#) I would say this is your best bet. If you upgrade to the 6 month, and then the 1 year ub3r, there's always that chance you may forget to renew ub3r and then will lose your l33t after. Purchasing permanent L33t will avoid this completely so you'll always have that upgrade to fall back on just in case. ?

That and for the price difference, the permanent is just more bang for your buck, especially if you pay via crypto.
