Dang! This is a whole new level of Quality. I'm posting so I can come back and get some soon.

passCODE - February 1, 2020, 9:10 am

Your designs are amazing, something totally different than what I'm used to seeing around here.
Would you mind sending me a message about what software you use for producing animations like these because I tried to get into it multiple times but whenever I'd open after effects I'd get a headache from all those settings and buttons? And maybe if you can recommend a tutorial on YouTube or a channel I can follow to get more into this. Anyway, I'll definitely hire you for something!

If you haven't already, I highly recommend reaching out to Herbert for your design needs. From his absolute professional demeanor and work ethic, to his high quality designs, you'll be sure to receive a product that exceeds your own expectations. And not to mention he is just an overall friendly guy.

I've contracted Herbert twice now for a sales thread and some profile design work and I could not be happier with the final results. He listens to your ideas and what you have in mind, and then brings them to life with motion. What makes him stand out from the crowd is that he has kept me updated through each and every step of his process. He contacted me at numerous stages throughout, asking for my opinion or if I wanted anything changed - and then he just keeps doing his thing.

All I can say is you're missing out by not giving him a chance! Whenever I need graphic design work, I know who to contact without hesitation.

Cooligan - June 1, 2020, 5:32 pm

I like the style you're bringing to the table here with these [Herbert](#) , cool design for these signatures.

Just might have to get myself a couple for Currency Exchange advertising, Middleman advertising, and one of those cool contact ones as well. :D

Xzedin - June 9, 2020, 6:29 am

Wow these are some high-quality graphics. Definitely gonna grab a sig from you when I get a service going.

Abducted - August 4, 2020, 11:47 am

I have worked with Herbert on multiple projects and I can't say anything but good regarding his work and communicability.

To me personally, Herbert is like a lawyer. You find a good lawyer, you keep working with him. That's why I choose him to do graphics design for every project that I do and I will do so in the future.

With that being said, if you haven't tried out his services yet, I would suggest giving them a shot at least once so you can see what I am talking about.

Regards,
Abducted

I am very satisfied with the end-result.

I am a very picky client who pays attention to detail, and it is easy for graphic designers to get frustrated with me quick. But not this guy! Handled everything like a champ and very professionally. He was able to get quick what is exactly what I am aiming for, kept interacting with me while working on concept, and provided me with every formats and versions I asked for.

One of the best designers I have worked up until now, and I will be hiring this guy here in future.

Lynx - September 8, 2020, 9:20 am

Purchased a thread design from [Herbert](#) for 30\$ which is really cheap for the quality he provided me with.

He finished it in under 24 hours. Transaction was smooth.

[Herbert](#) also really took the time to understand what I wanted so the final product was as good/high quality as possible.

10/10 Would purchase again if I needed another thread design done.

Thread design can be found here; <https://hackforums.net/showthread.php?tid=6077097>

TraderDon - September 8, 2020, 5:47 pm

This animation style is exactly what I need! I don't know how to message you but I started a contract with you

??Sheepii - September 13, 2020, 11:56 pm

I know this may be a stupid question, but do you do non-moving images too?

I have a picture with transparency that needs different text on it 7 times. It's not really a hard task, I just need the text placed right and a little design advice on it. Is this something you could do?

Golden Complex - October 18, 2020, 4:11 pm

Lovely vendor! Highly recommend Herbert for graphic services.

Thank you !

Grim - March 23, 2021, 10:11 am

Herbert has done some seriously amazing work for me! Fantastic attention to detail. If I have to say he is one of the best (if not the best) animation artists on the forum!

??Sheepii - March 24, 2021, 2:23 am

I've been working for 15 years as a software engineer, on many multi-functional teams both in a professional and side environment, and it's not often that you come across someone who is personally invested in the work they give you, and is impressively good. It's a conclave of finding the right person for the job. My journey to find a dedicated freelance designer started and ended when Herbert gave me his first and just now designs, because they were so contrastingly different I am confident I found my guy.

Herbert is someone who deeply cares about the service and product he gives you, he's not the type of person to settle for mediocre, and after insisting on the 7 reworks my indecisive ass went through, that part was extremely clear. His work on my last project (A resume design) was so impressive, I told him to put me down as a reference in future jobs. I've personally worked with over 1000 designers in my professional career, and I've never done that before. If that doesn't tell you should pick this designer, I don't know what will.

Love the work man super clean. However, I do have one question revisions are not done but you also don't include the PSD files so if the page ever updated and needed to change text how would that be done.

Hi Jay,

Thank you for pointing that out.

I should re-write that part and revamp the whole thread when I get the chance.

I can oblige with some minor revisions after the sale is finalized. (e.g., text errors, color changes or resizing.)

Changes on a larger scale may come with additional costs.

This thread design is beautiful.

Wunnaflo - July 7, 2021, 8:52 pm

True Detective - August 3, 2021, 3:49 pm

Hi.

Are you online creating animated stuff, or would you be able to do minor changes to an avatar?
Just removing some watermark, adding some text.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
