I am NOT the owner of luminati.io I only sell access for proxies!

mornabo - January 6, 2020, 2:25 am

I wanna know how much does it cost?

Bear - January 6, 2020, 2:29 am

I'll take a vouch copy to test them out. Thanks.

Datacenter = 10GB

You can choose to take residential too but you gonna get a lot less bandwidth.

I can provide a vouch copy for you if you doubt in that sir :)

heybrotex - January 7, 2020, 7:10 am

I need specific countries proxy. would that will be available?

Duck On Quack - January 7, 2020, 8:22 am

Id like to purchase a few lists please. Whats the bandwidth for residential?

Thanks.

iokungfu - January 8, 2020, 12:02 am

thanks but was after residential. how much less are you speaking of?

mic141414 - January 8, 2020, 1:42 am

Can i use use it to mail ? with software (not web based)

I am wondering if possible to authenticate via IP and not username/pass

Yes you can.

And no sorry, you need to auth with it.

Format IP:USERNAME:PASS

It's worldwide sir, but I will look into, which country are you looking for?

(Jan 8, 2020 01:04 AM)genesiseher Wrote: [\[CITE\]](#) thanks but was after residential. how much less are you speaking of?

They are really expensive per GB (not like datacenter ones), you will have less than 1GB.

Hello, I have the following questions:

Are the PIs residential? I don't want a data center:

as you put in the description are data center, although tb I read in the comments that if you have residential speed is lower? Can you clarify that?

How much would a pack ID cost: PR1 weekly but residential?

Although I know that the limit is 10gb for the pack, no?
