Thread: [Having "Active" Contracts on top when sorting contracts](#)

flavoral - January 7, 2020, 6:35 am

Currently when sorting your contracts by Status, it's in the following format: Incomplete > Disputed > Completed > Active > Canceled > Expired > Invalid

Which makes it bit hard to search for active contracts if you have long-term contracts which take a long duration to complete.

It would be nice to have Active contracts on top.

Thoughts?

Eagle 95 - January 7, 2020, 9:41 am

Yes, this can be easily implemented. I see no harm in it.

Omniscient - January 7, 2020, 10:01 am

I'll have Xerotic do this when he has the chance. Makes the most sense.

Thanks. Imma hopefully [Xerotic](#) get around changing it

Xerotic - January 8, 2020, 12:27 pm

Active contracts now appear at the top when viewing that contracts page.
