FAQs

#1 How can I get the codes after payment on Selly store? Is it automatical? Or do I need to contact you after that? Is it instant delivery?

The codes will be sent to your Selly email address automatically after the successful payment. Please note it is your Selly email address, not PayPal email address. Also please check the spam folder of Selly email box. For Selly email address, it means the email address you input on Selly site, make sure it is correct. Sometimes the codes email is sent to the spam box. For PayPal payment, it is instant for a successful payment. For cryptocurrencies, confirmation is needed to be completed first for a successful payment.

#2 What is the Stack number for an AWS code? Is one code one-time only? Or can it be applied multiple times?

For a given Credit Name/Event ID, a limited number of codes can be applied to one AWS account. The limited number is the stack number. There are many possibilities for the stack number, such as 1x,2x,4x,5x. So please check this stack number carefully before purchase. Also please note that the code is one-time only. You need different codes to reach the stack limitation. And the stack limitation is a life limitation. If the stack limitation is reached, you cannot use that Credit Name/Event ID codes in the future months too.

#3 How many codes can I apply to one AWS account? What is Credit Name/Event ID?

Credit Name is same with Event ID. They are just different names. Credit Name is the key to code purchase. For one AWS account, it can apply codes: Credit Name1 x stack for Credit Name1 + Credit Name2 x stack for Credit Name2 + Credit Name3 x stack for Credit Name +..., if you can find endless Credit Name codes, you can apply credit endlessly too.

#4 How to check the AWS Credit name of the AWS account?

On AWS console, click upper right username, "My Account", "Credits". Here you can the current codes credit name list. However, please note that The AWS "Credits" part refresh every month. And the credit name stack is for lifetime. So please keep a full credit name list every time you applied a new code. You need to keep your own code credit name record to avoid credit name stack issue.

#5 What is the difference between EDU codes and Non-EDU codes?

Generally, they are the same. Since Non-EDU codes are rare and hard to be gotten, Non-EDU codes are expensive. If you do not need it urgently, you can wait for the EDU codes since they are cheaper.

Cheap AWS(Amazon Web Services) EDU credit/promo/coupon codes, \$150/\$100/\$50/\$40/\$25 credit codes with different AWS EVENT IDs

Credit Name: EDU_ENG_FY2020_IC_Q1_1_AWSEDCATE_100USD

Expiration Date: 31st January 2022

Stack: 2x stackable

Value: \$100

Event ID starts on 11th January 2020

Credit Name: EDU_ENG_FY2019_IC_Q4_12_AWSEDCATE_100USD

Expiration Date: 31st December 2021
Stack: 2x stackable
Value: \$100
Event ID starts on 8th December 2019

Credit Name: EDU_ENG_FY2019_Q4_11a_AWSEDCODE_150USD
Expiration Date: 30th November 2021
Stack: 2x stackable
Value: \$150

Event ID starts on 24th November 2019

Please note: EDU_ENG_FY2019_Q4_11a_AWSEDCODE_150USD is not the older EDU_ENG_FY2019_Q4_11_AWSEDCODE_150USD. There is an extra "a" in the new credit name. So they are two different credit names, and they can be redeemed together to the same AWS account. EDU_ENG_FY2019_Q4_11a_AWSEDCODE_150USD is the newer one.

Checked the Telegram, nothing there. It looks like that you were cheated by a cheater/faker/imposter.

Be careful of the Internet fraud, please only buy from the store when you are not sure.

Please only buy from the store

Please do not buy from some people on the net that claimed to be the owner of the store. There is no discount for direct payment at all.

If you are not 100% sure he is the real store owner, then he is a cheater.

Someone claimed to be the owner of the store, then ask the people to pay directly. After the direct payment, he will blacklist you.

There are such cheaters on Skype and Telegram.

So please only buy from the store

Or else you will be cheated very likely by the cheater. Do not pay someone directly on the net.

The real contact information of the store owner is as below. The safest way is just to buy from the store.

Email: LeonSnow@gmail.com //the email "From Field" is easy to be changed, do not just trust an email sent from unknown people

Skype: [live:leonsnow_3](<https://join.skype.com/invite/t9pQOnAPWBiy>) //cheaters can change its name, but he cannot change the live:leonsnow_3 characters. Make sure you understand the difference when you are not sure. Do not believe the Skype name, it is easy to be changed.

Telegram: [@hmobile2000](<https://t.me/hmobile2000>) //cheaters can change its name, but he cannot change the strings after the @ character. Make sure you understand the difference when you are not sure. Do not believe the Telegram name, it is easy to be changed.

Only one Email contact LeonSnow@gmail.com

Only one Skype contact [live:leonsnow_3](<https://join.skype.com/invite/t9pQOnAPWBiy>)

Only one Telegram contact [@hmobile2000](<https://t.me/hmobile2000>)

No 24/7 support at all. I will not disclaim that I can support 24/7.

All other different contacts are meant to be a cheat.

The safest way is to store only

Here are fake Telegram and Skype users, do not buy from them!!!
