There is a minor inaccuracy in the Deal Disputes' Important Sectional Forum Rules.

Rule #4 looks outdated. <https://i.imgur.com/GDMN4Dw.png>

If I find more of these, I will report them.

Thanks for reading, HF Team.

I found another one! On the [Upgrade](#) page, under "Ub3r," there is a minor inaccuracy.

Instead of "Special 'Diamond of r00t' award", it should read "Sapphire of Ub3r."

I once thought to maybe write this whole page from scratch. I found a lot of difference between Ub3r and L33t when it should be similar and some small mistakes.

[Xerotic](#) When you have time please let me know if you do want me do write it all from scratch for you and then you can review it and correct only small mistakes. To save some time. I'll gladly do that!

There's a lot of stuff that need to be updated in the HELP DOC. as there has been a lot of changes in the past 2 years.

As far as i'm aware, it's already planned to have a whole re-reconstruction of the Help Doc. in the near future.

Oh ok. Just offering some help. It would be easier to review let's say 80% updated form than an old one. Who knows I might do it good enough to be updated as it is.
