Ok, lets do the quick calculation. I left the program running for an hour and got 9MB of data transferred. You get 10 cents per 1GB so $1000 / 9 = 111$ hours or about 5 days to get the 10 cents.

So no, you don't get 50 bucks a day from this, its impossible unless you have a lot of referrals. Honey gain is a bit better, I got 30 cents in about a day. Totally not worth the time IMHO.
