still available! the new update has been also pushed ! ? ?

MadLabz - January 17, 2020, 10:03 am

MadSync Service update has been pushed ! (you can "experience" a sort of temporary stuck while uploading very big file , do not close the window because is not crashed ;) is simply mirroring your previously uploaded file)

*edit after 2 hours > "visual stuck" should have been reduced a lot ! it appears to be triggered on heavy file over 2+GB

MadLabz - January 18, 2020, 11:53 pm

1/3 still free to be picked !!!!

MadLabz - January 22, 2020, 6:09 pm

user ref area gui improved
