Answers when he wants or feels like hes owed.

Didnt respect the terms he agreed upon on the contract.

It's been more than 2 days and he has yet to deliver the 3 hours he guaranteed.

Acts like a get rich quick con-artist.

Never began work on contract until he had exchanged his pay with another user but even after that he never began.

Made excuses for things he shouldve considered letting me know about.

Will now owe me a refund of the 45AGC I provided as payment upfront.

I had to let him know multiple times that he had a job to be doing and he still never had started.

Overall bad con.
