Nothing that special, was a bit risky.
But in the end it paid good!

Easy money, easy life lol. That's a pretty nice win. I have to stick to HF gambling cus once I start spendig real money I'm likely to spend it until I lose it all.

Congratulations on the nice win! I don't have much sport knowledge so I have to keep myself limited to Bytes betting with max a few hundred. Money well earned my man haha

Congrats on that win! Better to keep that than lose it trying to win more.

Snowwy - January 14, 2020, 4:54 pm
