I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

Added you on discord. If you are able to get online at all. I know you said you won't be online though :)

GENT - March 9, 2020, 7:53 am

I have sent you in total 276,99\$ via PayPal nearly 4 days ago. You didn't send me back even a dollar in BTC.

- You literally stopped responding just when you got the money
- Then during this night you deleted me as a friend on discord so I can't even send you messages anymore
- You didn't inform me you will be offline

Not to mention, you were the one who kept urging me and asking me when will I start sending you money

You said multiple times I can check your HF account to prove you are legit and then you go and do this

Also, I have more than enough proof of payments AND you agreeing to this exchange with me

Now, please send me my money

So I am showing this just so everyone can see who they're dealing with!

This is where I propose a plan for you: <https://i.imgur.com/WYtAkZg.jpg>

This is where you agree to do it: <https://i.imgur.com/8qiJNsc.jpg>

This is where you urge me to do it: <https://i.imgur.com/wqIPvug.jpg>

This is the first payment where you start to not respond: <https://i.imgur.com/rjawYmS.jpg>

And this is the last time you reply to me, where you also lie about sending me money:

And this is my last attempt to get you to answer me before you block me:

I can confirm that you got scammed by an impersonator, MasterJesus has a very different style of writing, a calm dude and would never urge you to send money. Also he only uses one paypal account and not the one shown in the screenshots. I've done a ton of deals with him, he even borrowed me money when I needed it.

Sorry for your loss :/

Look, I don't know who was it that scammed me. But I can't do anything about this any more.

What I can do is share that the guy changed his name to Raymond Reddington. His discord name is now RaymondReddington#0001

I checked and saw that there's a popular member with that name. So just that [Raymond Reddington](#) and all of you others know about this guy... beware
