Thread: [Gamblers Official HF Crew Buyins \[#1 Crew on HF | 9 SPOTS left\]](#)

Lavish Living - January 14, 2020, 11:54 am

The crew comes with a custom userbar that can be seen on all of your posts around HackForums. We rotate between the two:

You will also be added to the exclusive groupchat where you will be able to chat with other crew members about a variety of things.

Our crew is the #1 crew overall in terms of the HF game. We will destroy any competitors in any crew vs crew battles when released. You don't want to miss out on the opportunity to join the BEST crew on HF.

Price:
\$50 btc or 15k Bytes for a lifetime spot.

[contract=tid]buy now[/contract]
Please start a contract if you would like to purchase a spot in the crew.

TOS:

Spoiler ([Click to View](#))

ie-

\$75 for the next person, then

\$85

\$95

\$105

\$115

\$125

\$135

\$145

\$155

\$165

\$175

\$185

\$250

I'll do some sort of \$50 giveaway within our crew after we hit our 20 members cap. I'm not that greedy. kappa

Sounds like you have a huge issue with Olympians, may I ask why this is?

I mean, you're offering a \$75 discount to him and offer to make him a leader after kicking everyone out of the group. It makes me wonder.

If you really must know,

About 3 years ago Zeus came over when he was doing his backpacking around USA trip and when he stayed at my house for a few days it was all chill but he never wanted to come out to parties he just stayed inside all night.

I found out about 6 months ago, when my sister finally told me, Zeus fucked my sister 10+ times while he stayed at my house for 3 nights.

Unacceptable. I will never forgive such madness

Not sure if trolling or really upset? Either way, thank you for elaborating.

Don't you think, when someone comes to your house, that it would be polite of you to either invite him to the party or stay with him?

He's your guest and you're leaving him alone (with your sister)?

Anyway, even if you are not going to spent time with him, why not be happy for your sister?

It's not that she didn't want it (I assume it's no rape or whatever) which makes it a good thing right? I understand it's weird to comprehend another stranger f*cking your sister while you are out partying, but aren't you happy for her having a good time?

Anyway. Thank you, again, for elaborating. I won't ask too much anymore to keep this thread on-topic for you.

Stanley - March 20, 2020, 8:39 am

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

I didn't report any of his posts, funny that he was reporting mine hahahaahahStill denying the fact that you invited me before I accepted the Prevail crew? You and NuWorld will never get me in any of your team, regardless of what you say, do, copy/paste, act, lie or cry about. Done here. F*cking kid trying to provoke me lol.

[webdev77](#) Here below you can see why I keep replying. He copy / paste the same sh*t over and over again, and claims that I "Inspect Element" the proof I posted in one of them. He's offensive, childish and posting LQ sh*t on his own group forum.

I'm sorry that I am the one who is wasting time while he can continue his bullsh*t trying to provoke me as an 8 year old kid.

LQ posts I'm talking about & claiming that I fake proof, which is almost too offensive...

You stop being a 7 year old child.

Failure to comply on both ends will result in a month ban. Also, do not reply to me. Thread shall continue its normal course.
