Thread: [Can't sell Crypto game coins?](#)

SIM-1729678 - January 15, 2020, 12:28 pm

I never really got into Crypto or the Crypto game and I thought it would be fun to just spend some bytes on Dash.

I purchased them for about 1200 bytes and I can now sell them for 1800 but for some reason, I am not able to sell them. I am unsure why.

Do I have to wait for a market to open? or a stock market? I am just unsure. Thanks!

here is a gif of me trying to sell them...

I made the same post earlier. Maybe [Xerotic](#) missed it and is busy with DNP. He'll probably fix this.

What do you mean by a 30-minute limit? I had these coins since yesterday.
