Infamous the crew, not the group is being sold.

On a side note, just designed something for Infamous (for fun).

Your logic is "if you have the money buy it" & if thats the case, YOU buy it and make me look like an

idiot. Until you do, your words mean nothing and your posts are irrelevant and off-topic.

I can't stand people that flex like that or say "wow you consider that a lot of money? I make that in 1 minute!". I see it in the bragging threads all the time, people post threads of them making a few hundred or thousand, then someone brings them down and tries to act special cause they're "making" more money than them.

But you're totally right, Lowkey. I'd rather do the same and save money towards something I really want, instead of taking the money out of my bank account. For example if I earned \$200/each day and had no expenses to pay.. sure I could buy the crew in a few days. But i'd much rather save \$25 each day for 30 days, then buy the crew with that money I earned saving. I know people that spend almost their whole paycheck on clothes, etc.. if you really want that stuff then save money each day/week towards it. Again, just my thoughts. I respect you for budgeting your money though Lowkey, and not just blowing your money.

Sorry for the long post ?

He's still trying to get a hold of 10k bytes at \$3/k

If I form an alliance with another crew I might take it off the market and give this game a red hot crack

Nah I wouldn't sell it for \$600 lol

Yeah don't sell it.

Once these games get into full swing crews will be in high demand.

Hence price increases.

sure it'll go up in price with the Hackúman game but that just means a longer time it'll take to sell lol
How was I about to sell it for 625 if I declined the offer? lol

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.
