Why not post that here?

[Music](#)

Music section seems more like the right place for this.

Music section seems more like the right place for this.

music section is dead asf

Lorem Ipsum - January 16, 2020, 8:17 am

To stay on-topic btw, I like trap / rap music but I am not a fan of the big trend of using voice-changing features like autotune and such. Beat with the lyrics is nice though, not bad at all!

Wouldn't you make it more alive then? ?

migalo57x - August 31, 2025, 7:26 am

trust me and use halal beat
