What is eWhorring?

eWhorring is when you provide a sexual service for men online and make money off it. You will act like you are a girl and provide men with services they like to masturbate to. For an example, let's say you call yourself Nancy.

As Nancy you will offer horny men to buy your nudes and your videos. You could also offer them other things, as meetups, but you are going to have to scam them. And I disgust that. Because when you scam people, you make it harder for the rest of us to make money from eWhorring.

SE/Social Engineering as a eWhore

This is one of the most important parts about eWhorring.

You need to be able to Social engineer the victim into buying whatever you are offering. Make sure you know what to tell them if they ask, what do you need the money for, or other questions that you will be asked a million times in this business.

You need to convince them they have to buy your stuff. A lot of the people that will contact you will be like " Why should I buy your stuff? I can watch porn? " And therefore, you need to be prepared and ready to convince them.

Social engineering is used in many other situations as well. You can social engineer McDonald's into getting you free food, or write a detailed e-mail to a chocolate factory that you got bad chocolate, and convince them to send you some new.

Social engineering is basically manipulating someone else, to do what you want, or give you what you desire.

Also, another great to do is play on their empathy.

Once again, why do you need the money?

Oh I know! Your mom is sick, and you need to pay her bills, therefore you sell yourself to earn money for it.

Is eWhorring illegal?

The answer is yes. It is not legal to do eWhorring.

First of all you are selling somebody's else pictures, and 90% of the time, you are not allowed to sell them by the person who is on the pictures or the content you sell.

Also it's a kind of being an Identity thief. You are doing fraud here, you act completely like you are somebody else, you write in a different way, you act in a different way, you give them false hope, and you offer to prostitute yourself in some cases. This is fraud.

But the risk of being caught is extremely small. Unless you are trying to blackmail people or do other stupid things. Just dont.

Be happy with what you make, and don't get yourself into these stupid situations.

How to receive payments?

There are multiple ways of receiving payments.

However, I'm sure you heard all the scare stories about PayPal before. Well, they are true. In so many cases you will risk being limited and have your account locked with money on it.

Therefore I never recommend anyone to use PayPal as a payment method, but if you do, make sure to cash out as often as you can. Don't get yourself stuck with hundreds of dollars. That's just sad.

Here's a few payments method you can take. PayPal

Google Pay

Apple Pay

Amazon Gift Cards

Gift Cards in general

Cashapp / Venmo - Depends on your country, but you are actually able to get these apps in any country.

Where to find the customers/traffic?

There are a ton of ways to get traffic and find customers. People are always making threads on the forum about they need traffic and where to get it, people are having panic attacks that [BRAND NAME REMOVED] now have taken the control, and that it's hard to obtain traffic through [BRAND NAME REMOVED] now.

Well, chill.

It's all about thinking out of the box.

Of course you can use saturated chat-rooms, such as Chat-avenue, freechatnow, and others. And I am 100% sure it will make your some profit, because even saturated traffic sources have buyers. There are everywhere.

But you need to think out of the box, find your own ways of obtaining customers.

I have my own private ways that I obtain customers when I need to eWhore to make some extra pocket cash.

Feel free to PM me for a list full a traffic sources, we are talking free chats & general saturated traffic sources, and a few apps that can give you traffic as well.

Otherwise, you can always check out my service, and buy some HQ traffic.

What platforms to eWhore on?

I've been asked this question multiple times.

Once again, I suggest you thinking out of the box. I personally prefer Snapchat as my platform, but sometimes I just do it directly from my traffic sources, on the places I like to find my traffic. There are many other platforms you can use for eWhorring.

But all platforms has minuses and pluses. For an example if you take Snapchat, they will ask you 100% to send a live snapchat picture, luckily enough there are ways and methods to do this, and when it comes to KIK they will ask you for the exactly same thing.

So be innovative and find your own platforms to eWhore own.

Here is a few that you could start of with, as a beginner. Snapchat

KIK

Instagram

Twitter

Reddit

Dating sites

Online adult chats

What is eWhore Packs & How do I obtain these packs?

An eWhore pack is a pack full of the content you would like to sell to your customers. Basically your pack will be full of pictures and videos, and other content sometimes. Depends on what kind of pack you have. It's always a good thing to have a eWhore pack with a lot of content in it, as you can be the girl you act to be for a longer time. It's always a good thing to have a eWhore pack with verifications as well. This means you will have pictures that verify you are the girl on the pictures you send, so for an example the pack could have 10 pictures, each picture with the girls holding up an X amount of fingers or something else to verify it's her.

eWhore packs are very easy to obtain and get.

But HQ ones are not easy to get your hands on. I always recommend people buying an eWhore pack, and there is not reason to be afraid of investing into a pack, as it will make you a lot more money with a decent pack.

You can create these packs yourself as well.

Here's a link that explains how: [Guide to create eWhore Packs](#)

How profitable is eWhorring?

So how much money can you actually make of eWhorring? Well, it really depends on yourself and how much time you are willing to invest in it.

I made incredible much money from it myself, but I have spent years on eWhorring and figuring out what the best ways to do things are myself.

There are people out there who do eWhorring for a living, and I know plenty of them. If you are good enough, you have your SE skills in top, then you will able to earns \$1000+ every day. Other earn \$100 a day, others earn nothing! It all depends on you! ?

Make an effort, don't give up when you not are making any money, learn from your mistakes and think smart.

This is a business, and it is indeed a profitable business.

eGod's Tips & TricksBuy a decent pack, don't use a saturated one

Don't go straight for the money, be patient and chat a bit before requesting that bank.

Generate yourself and identity for your girl. I have an FREE ID generator for eWhore girls on my website: [eWhore Life](#)

Don't be afraid to re-invest the money you make, in new packs or paid traffic. It will help you out A LOT.

Don't eWhore anyone under the age of 18.

Don't argue with customers or timewastes, just block/delete

Dont ever post any uncensored stuff on your stories, no matter what platform you eWhore on

Hope this guide help all the beginners out, and others as well!
Feel free to ask me any questions!

Nice layout! Going to take a read now, short and sweet too. Love it.

EDIT: Also, hats off to you for being as humble as you were when writing this as well as writing it for free. Yes, none of us like to pretend to be girls, haha, but the money, if done properly, is absolutely insane.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
