Be careful with this user.

He offered me some tickets I didn't ask for, via Conversation. He got 2 matching IP's and wants us to add him at Telegram. Most likely something sketchy going on. Not claiming he scams, just be careful!

Hello, I offered because you where interested in one other thread and i can provide what you are looking for.

also i'm okay with doing deals with MiddleMan i have nothing to hide.

and all deals will be done here through HF contract system.

please don't judge without informations.
