Thread: [BTCash Award \(BCH\)](#)

?ytes - January 22, 2020, 12:43 am

[Kill Joy](#) bought it for me around 6 hours back, I still haven't received the Award yet, where as other awards I bought came through as expected.

@[Omniscient](#) can you please check what's the progress bro? I think it's unusual ?

OffTopic: Why didn't you use tagging feature @Username@ / [mention=uid] so they get notification. example: [Kill Joy Omniscient](#)

I don't have an answer bro. ? Not all people like to tag their names.

I sent a Convo to the admin, I think that's enough and no need to unnecessarily tag him.

The colors you chose were just triggering me for some reasons?

Yo I just bought 2 or 1 hour ago. Still haven't receive it yet. I thought it was only a small issue turns out you too huh?

I bought Divi , dash , ETH , LTC all come through quickly earlier but not for BCH.

Not an issue with waiting. I don't have a way to know if it's processed or no since KJ bought it for me.

Moreover, BCH confirmations don't take this long. As the award process is fully automatic, I was a little bit concerned.

General rule is to wait 24 hours.

Kill Joy - January 22, 2020, 4:35 am

24-48 hours. Then contact him.

Assuming he'll fix this sometime today. Be patient.

eXceptional - January 22, 2020, 6:35 am

It never showed up to me. I had to contact Omni after 24 hours. I'd suggest waiting for at least 24 hours and later you can PM Omni for the award with the transaction ID.

Fixed. Sorry about that.
