Thread: [Anti-Malware with Anti-Virus](#)

thamerzam - January 22, 2020, 11:04 am

Hey there.

i just thinking if using Malwarebytes as Anti-Malware and Norton 360 deluxe as Anti-virus is good?
i mean,can use these two together?!

any Idea?

any opinion?

anything?

yes true.

but at least,they will protect you from unwanted data collectors and malware applications.
there are always damages to cause,but we have to reduce them to minimum.
