Thread: [Made \\$4600 CAD with private E-whore method since 2020](#)

Anthony Soprano - January 22, 2020, 11:44 am

Hey guys, Ive been using the same e-whore method for over a year now that has netted me tons of profit over 2019. Wont go into details exactly how much I made last year but it was a LOT.

Since the start of 2020 I have already made close to 5k Canadian Dollars and my method is mostly autopilot with about an hour of work each day. Its a method I figured out myself with tons of practice and experience in e-whoring. The hardest part is getting traffic! My method is getting me about \$100-\$300 a day on average with about an hour setup each day. There are some days when you get lucky and cash out for \$1k + .

It amazes me that people try to say e-whoring is dead because there will always be horny guys :D I am thinking of making a detailed guide and to sell it on HF as I have bought several e books in the past and they have all been shit and do not really teach you how to make money.

This method is not Canada exclusive and works worldwide but these payments are all accepted using e transfer which is a Canadian payment processor, but I also have collected a good amount in amazon gift cards and bitcoin, you can check the dates of payments on the side.

Most names I blocked out as it shows the persons full legal name

These are some transfers since 2020 from \$40 - \$150

I don't know how you all do it, but this is incredible! Although. 4600 CAD is 'only' \$3500 it is still a big pay check.

Not a big fan of watching d*cks myself, or however you all do it since I assume some take it to another 'level', but this is amazing haha.

Congratulations on your big scores.

hey op i code landing pages for ewhoring. i already have one of my own. do you think we could exchange knowledge? send me a pm if you're down

Pressa Armani - February 6, 2020, 11:10 pm

you accept payments via e transfer?

kjellberg - February 12, 2020, 1:32 pm

Damn that's crazy in the age of OnlyFans and Patreon.

GodHyperus - February 18, 2020, 1:56 pm

thats pretty impressive for ewhoring!

Glare - February 19, 2020, 10:40 pm

Do you use your personal bank account to accept e-transfers? I did that and got shafted. Bank cut me off and I owed everyone that complained their money back lol.
