Thread: [Uber Eats discount service?](#)

Mr Kewl - January 24, 2020, 12:20 pm

Hey,

Would you be interested in getting 35%-40% off on your Cart on Uber Eats?

Could provide something like this but not sure if there's demand.

many people doing it for 50%+ off so I'm not sure about that rates

There is definitely a interest for this service if it's Uber eats balance being added to your account.

You'll just have to compete with other people's rates. Although I heard it recently got patched so you might be the best

Doesn't involve fraud or login to anyone's account.

I don't think will be a demand, but I reckon it's worth releasing worth a try.
