Thread: [Coder for simple Kik mod. \(Android, app\)](#)

**cryp** - January 28, 2020, 5:00 am

Looking for someone to code a Kik mod that supports fake cam for videos/pics and autoreply to new messages with delay (1-3 minutes) (Just new chats)

There are already modded Kiks you can use for this, such as Lynx Remix or BlueKik.

However, if you needed it to avoid rats/resell or something, I can build you a custom Kik mod APK.

Just lemme know. @CrismomCurse
