Linux X - January 28, 2020, 8:00 am

I personally won it just 1 time from 132 times.

Prawnster - January 28, 2020, 8:01 am

I've never won it and I have posted probably about 70 times lmao

I won it twice I believe

keztheguru - January 28, 2020, 8:04 am

Never won, I'm trying though guess am to late everytime.

Cylow - January 28, 2020, 8:05 am

Never won it, but I've barely posted in the check-in. I think the chances of winning are like 0.05% on average.

Geralt - January 28, 2020, 8:08 am

Never but I just recently started posting there

Symlink - January 28, 2020, 8:09 am

I Never won it once for now, i'm at 34% for the Ninja Award :P

Vibe - January 28, 2020, 8:12 am

I won it and just blew it on slots :(

V?rt - January 28, 2020, 8:36 am

I've never won. There's so many people doing it, the odds really aren't that good. I don't care about winning it anyways, I can gather close to 500 bytes from betting each day anyways. Not the biggest of deals.

TheChaosKiller - January 28, 2020, 8:37 am

Never won it. It almost felt like it was an urban legend, until someone I'm friends with here said she's got the bonus for the day.

Diamond - January 28, 2020, 8:40 am

I never won the 500 ?ytes jackpot from a Check-In Thread.

Maybe one day I will, though!

Money- - January 28, 2020, 8:47 am

I won once. Before I got the award. Kinda lucky tbh.

Wait. If you check in first you get 500 bytes?

Geass - January 28, 2020, 9:00 am

how much you winning on this?

also it is one user per day?

Nuworld - January 28, 2020, 9:21 am

I won the 500 Bytes twice and received the award for posting 100 days
In a row.

What a lucky man lol I'm ready to get that award.

Geass - January 28, 2020, 9:22 am

until now I didn't even knew it was possible to win extra bytes besides the 25 :P

If I post twice, more chances?

Silent Uprising - January 28, 2020, 12:33 pm

I won it twice. Once like the first few days of me posting and another time like a week ago. Lost it all on the slots tho so doesn't matter.

(Jan 28, 2020 09:56 AM)keztheguru Wrote: [\[CITE\]](#) Wait. If you check in first you get 500 bytes?

I don't think so. At the end of every check in thread a random lucky winner gets 500 bytes.

Me too lol, I think I've only won it once MAYBE 3 times max.

I slightly remember 2, could've been 3 and I didn't even realize it, not sure. But I know I've got one lol.

Stork - January 28, 2020, 1:26 pm

No luck for me yet but I'm sure I'll get it someday!

I guess if someone posts 2 times it doesn't change his chance on winning right?

Citoa - January 29, 2020, 3:39 am

I don't think I have won it either. I don't check my bytes often. Do I get a notification if I win it?

Goku - January 29, 2020, 11:41 am

Never won, currently at 96% so hope to get it at least on the last four days

Diamond - January 29, 2020, 11:44 am

I post in the thread multiple times every day since I joined this forum. I still never won!
Posting more than once obviously does not increase the chances.
However, I'm sure that I will win it someday.

If you check for 100 days in row you will get ninja award also you are getting in every entry 25 bytes.

Fish - January 29, 2020, 11:53 am

I won it probably 3 times when I was under 80 posts. Now I haven't gotten anything in a long ass time
