I haven't been, but I've always thought about going. I know it's crazy cheap to get a nice hotel and get everything else there.

I'll probably go there in the summer to take some pictures and enjoy views, I don't know about girls, don't wanna bring home a girl with a dick lol

Geez, I feel like you'd have a good chance of doing that one too. You better dance with them first and put that knee on her.

And even if you find an actual girl that's better than 4/10 she would probably charge you to fuck her
