Hopefully you get this resolved OP. Member would be a fool to scam for \$50 BTC.

okay so this Diamond dude just wanted to buy my Amazon with Bitcoin..he offered me 75% out of nowhere and when I noticed he has open dispute I immediately jumped to see what is it all about. 30 seconds later after I refused to deal with him I got texted by dude named "hammerman" who out of nowhere offers me BTC and wants to buy my Amazon, so I assume that's also Diamond's account...stay safe
