Hey, mate I know price might sound steep but it saves you worth \$600 an year, I wish I could but I do not have huge margins and giving you at that price point would mean, paying for it out of my own pocket :( Could give you a 5% discount for crypto at most.

What's the warranty situation for these? Are we covered for the year if it for some reason stops working?

**Ekta123** - February 3, 2020, 5:05 am

(Feb 3, 2020 03:27 AM)Killua Wrote: [\[CITE\]](#) What's the warranty situation for these? Are we covered for the year if it for some reason stops working?

Hey Killua,

It's not an account, you don't have to chase me around to get it replaced,

It's a code and it will be redeemed right away on your account and the expire date will extend to next year and it can't be rolled back or so by adobe.
