That's correct. You will receive the purchase code that can be added to your account for support.

Nalum - February 12, 2020, 3:54 pm

If we purchase do you send us the theme or do we get it on our own accounts ? asking because of future updates to a template or whatever.

Every theme buyer will receive a download link containing the latest repo and purchase code. Like any theme from Themeforest the installation instructions are found within the zip. The themes are updated via the Wordpress dashboard.

Not at all, it's completely legitimate. If these items were carded the purchase keys wouldn't last long :)

You can simply request support from the developer after registering with your purchase code.

Still running this service as normal. PM or Discord if you have any questions.

Eagle 95 - March 2, 2020, 12:39 pm

You can't distribute envato elements like that. They have special terms which you are breaking now. It gets very complicated and very illegal very fast by doing what you do. Remove it.

Hulahoops - March 3, 2020, 4:09 am

The Envato Elements service has been disabled as requested.

All ThemeForest, CodeCanyon, GraphicRiver, AudioJungle, and VideoHive assets still have a 50% off discount on all items! If you have any questions please PM or add on Discord.

Stanley - March 15, 2020, 3:28 pm

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
