Thread: [Buying Official Group Userbar - GFX Artist? CLICK HERE!](#)

Cyber Rick - February 2, 2020, 1:48 pm

Looking for a UB, thread header, and thread separator for an official HF group.

I would like the userbar animated along with the rest of the gfx.

Details:

Group will be called "Mafia" and will have a mafia theme. I kinda know what I want with the userbar.

Would like a mafia looking guy on the left holding a Tommy-gun and with a cigar/cigarette in his mouth and then it to say Mafia in the middle/to the right of the person.

Shitty Examples:

Budget is \$100 or Group invite

Please post and/or contact me if you can do this!

I doubt I could do animations for now. Lmk if you ever wish to have a non-animated UB.

In most cases Fiverr designs are complete garbage.

Avoid if you can.
