## Mafia Official Group Recruitment

### Introduction:

Welcome to the Mafia recruitment thread. We are an official HF group. Within this thread, you can apply, view the group perks, read up on what Mafia is and see if you are eligible to join. This recruitment is unique and much harder than most other groups on here for the simple fact that we don't just let anyone buy-in to our group. We require both approval as well as payment. Instead of a normal application process, we will still investigate users based on their HF account. Why we require payment will be discussed later on.

### Group Information:

Mafia is a multi-purpose group. Our main focus is gaming, gambling, and of course making money. We will try to have everyone active as much as they can, and we will try to make a digital family with its members. Our goal is to have enough members in the group so that when you want to play a game, you can find someone within the group to play with. At the same time, however, we want you to be able to view the members and not see someone you don't know. That is why we have a limit on how many people we will be accepting. This limit may increase/decrease at any time based on the group's needs and direction.

### Group Perks:

- Periodic gaming & gambling tournaments where you can win money. E.g VR Poker in PokerstarsVR, League of Legends, CSGO, and many other games
- If we open a tournament/contest etc to people outside the group, your fee will be waived
- Periodic private giveaways such as a PS4 Pro & Nintendo Switch among many other things (which buy-in money goes towards)
- Access to our awesome, animated userbar which can be seen either on myself or below where I post our gfx
- Access to a private group chat with a custom rank based on your membership
- Access to private methods that we offer mostly to make money but also many other useful

methods which will constantly be given to members - courtesy of Trojan

- Discount to products and services offered by group members. (Such as website hosting by me)
- Custom name color is planned in the very near future
- Custom stars under your name which we are also planning to change to shotgun shells or another type of ammo
- Many other perks soon to come

Group MINIMUM Requirements:

- HF Account must be at least 3 months old (90 days)
- Must have at least 100 posts
- No VALID/Open Deal Disputes (by valid I mean we will investigate the DD and see if we think it is legitimate)
- Fluent in English

I get what you're saying as well but I mean it. I have no future plans to sell the group. If you want to get involved, please apply. Would love to see what you have to offer.

You know groups don't have member caps?

Why are there limited slots ?

Looking forward to your custom color and shotgun shells as post stars??? Shiiit Omni must like you haha

**lol** - February 8, 2020, 9:24 pm

To buy in, I still have to answer all of those questions?

EDIT: I'll probably buy this but I'll wait for the colour username first.

I will never pay this big amount to get into a group no matter how famous the group is. GLWS!

Userbar and your perks are good though. If you ever switch to invite-only I would love to be a part of the group just because I love gaming and I am also a gambler.

I play Dota 2 the most.

**Vantos** - February 9, 2020, 9:41 am

Am I qualified for a buy in to the group? Let me know, thanks !

There is a reason for the cost. We are reinvesting the money into the group. For example, I have already purchased a PS4 Pro bundle & Nintendo Switch which will be given away to group members once we grow a bit.

**Zeus** - February 9, 2020, 10:23 am

Thanks for accepting my application glad to be in your group! ????

**Cyber Rick** - February 9, 2020, 11:38 am

We have modified the application process a little bit. If your interested in joining the Mafia now is your chance!

(Feb 9, 2020 01:18 PM)Deal Wrote: [\[CITE\]](#) Very exclusive, accepting a member with 50 posts, who claims to be selling fixed matches for \$200 into the group.

Basically you just ruined the whole image you're trying to build for your group, literally the day after launching it.

OP even states "must have 100 posts" but apparently money talks, when a user with just over half of it is accepted.

"We don't just let anyone buy into the group"

Come on...

Not only that the member just join 3 days ago.

No where near the 90 day requirement.

Who needs rules when you have money.

**Nuworld** - February 9, 2020, 12:48 pm

(Feb 9, 2020 01:45 PM)Deal Wrote: [\[CITE\]](#) Didn't even notice that.

HQIT come on, make a better start for your group. fugg those \$25.

The amount of red flags makes me question what the fugg you were thinking when you choose to accept him.

It's the most exclusive group on HF.?

**scam.** - February 9, 2020, 1:08 pm

Deal has always been a real one
