YOOOOOO

The subject says it all! Just trying to get some players together to play some ranked matches on Halo MCC. I like to play any of the playlists below. I have really low ranks and I'm not any good. Just looking for teammates 18+ with mics to game with. Reply to this thread or shoot me a PM.

Playlists:

H3 Team Slayer

H3 Team Hardcore

H3 Doubles

MS 2v2 Series

Halo: Reach Team Hardcore

They did a big update that has helped. It can take 5 minutes to find a ranked match but social matches are pretty easy and quick! I find matches all the time.
