I love it, I got a good song with enough bass that I cant wait to play in my car. The beat and rhythm of the song match up perfectly with the lyrics themselves and it is reminiscent of all the big songs of the same genre. My vouch copy at least was made very quickly as well!

Distributing it should definitely make some income and although I haven't got it put on spotify yet I plan on doing it later, it's basically 25 bucks for a fresh song that you can make autopilot income with and if that's not a good deal then I've been lied to my entire life.

I'll update this review with income from distributing once I start pulling some in.

25 dollars for a single song? You can do it on fiverr for at most 15 or on the spotify bot discord servers for 3 dollars per.

During my search on fiverr the cheapest I found was 35 dollars.

You ain't look hard enough, 2 minutes to find.

He is just producing a beat whereas I am producing a full song.

That really doesn't matter on Spotify. Infact the shorter ones are better because they go through the threading for the bot faster.

I see your point. I offer instrumentals also for \$15. I've just heard through a spotify bot seller that it is best to have a full song for a less chance to be spotted.

72 million songs on that shit, i've been going a long as time w/ my beats and i've made thousands. its not important.

Rechi - February 23, 2020, 6:54 am

I am interested in buying 3 Instrumentals. I did send you friends request on discord because I don't have enough posts to send you a pm.

Dark - February 23, 2020, 11:51 pm

I tried getting something on fiverr and I got a premade beat. So you get what you pay for over there.

Do your research again, i use fiverr for my spotify songs, \$3-\$5 for beats hip hop, and \$10 - \$15 for full songs, i should know this because am currently using it for my spotify songs with no issues for uploading to distributions.

You might wanna adjust the price but all the same GLWS.

MrKamarJ - February 24, 2020, 4:13 pm

Sorry i've been inactive everyone. Will be back full fledge again in the coming days!

Bob White - February 24, 2020, 4:16 pm

Great idea, The songs you find on fiverr are garbage lol

I see. I'll look into a price adjustment then for instrumentals and possibly remove the full song service.

What was the price for the beat?

Oh no, botting with LQ songs?

Have you heard the trash on Spotify? It doesn't make a difference.

Most distributors will deny them now.

What distributor are you using? I've uploaded on Routenote, spam, and Amuse and all of them accepted.

I've seen beats and instrumentals get denied on spam and tunecore.

Tunecore idk, but I just dropped 6 shitty beats on distro that I made in soundtrap with samples in

like 3 minutes. I've, in the past, just taken shitty beats and added ambiance and uploaded and gotten passed. As long as your music isn't like, the most simple shit in the world it will get past.

Replied to your inquiry! ?

Please note, before using the autobuy feature, please start a contract on HF first before purchasing.

Stanley - February 26, 2020, 7:13 am

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

MrKamarJ - February 26, 2020, 7:14 am
