Thread: [-REP ME FOR FREE BYTES!](#)

rSM- - February 9, 2020, 6:13 pm

Hey HF, if this isn't allowed I completely understand and please remove the thread. That being said:

As you can see, I will be giving away bytes for -reps! If you haven't used your neg today and would like some free bytes for using it, then come on down! The amount of bytes I give out will be random (seeing as I don't have many) and the little giveaway will run out when I run out of bytes. I appreciate everyone who would like to help out and get some free bytes for it. Love y'all :)

Bytes will be sent out to all users I receive a -rep notification from!

BYTES WILL ONLY BE GIVEN OUT TO USERS WHO NEG ME AND ALSO COMMENT ON THE THREAD!

Why are you doing this may i ask? LOL

Prawnster - February 9, 2020, 6:28 pm

Enjoy the neg haha

To show that popularity means absolutely nothing and anyone who abides by it is a fucking idiot. Everyone wants green green and more green and asks/begs for it by doing byte giveaways and shit like this, so I thought why not to it for some negs. Red looks better than green anyway imo so my plan is to base my profile around red.

Done, enjoy your neg!

Just read your reasoning as to why, and that's pretty cool. Looking forward to seeing your red profile, hopefully you don't aim for negative b-ratings too? Lol

Appreciate it! And the b-ratings will be the only thing thats green on my profile because that is one thing I don't want and cannot afford to have red :P

Main reason people want rep is for the 1k rep award goal.

Technically this isn't gaining popularity, its losing it. Thus why I'm asking for -reps instead of +reps.

You're not just a clown, you're the whole damn circus.

Trojan - February 9, 2020, 7:23 pm

enjoy the neg, you really deserve it for breaking the rules!

Which doesn't help me in any way shape or form. If anything, that hurts me because thats one of the first impressions people get about me. Hop off my cock homie quit being an opp. You probably jerk yourself for policing this forum.

Hey the deals still on though. If you'd like some free bytes just throw me a neg :P
