Thread: [Chinese speaker, earn \\$x,xxx](#)

I need a Chinese speaker that can speak fluently.

It's not a sales job, just some inquiry.

This should be easy, but could require some time on the phone.

I post this on impulse, so the pay will be determined.

Like I said, inquire. Basically translate and take note of answers.

Still looking.

Send me more info. Mandarin, Cantonese, or which dialect?

Send me a sample of what you want and how much you are paying. Thanks
