Thread: [What is your favorite Pokmon?](#)

eXceptional - February 12, 2020, 12:21 am

Seeing this new Hack Forums game in action [Hackúman] and everyone trying to get it.

I'm willing to know your fav Pokémon from the actual series.

Mine is Charmander. I found him the cutest apart from Pikachu. I'm also sure most people here would say Pika Pika!

Something you guys might love it. This old project of Omni has been started after 3.5 years. We are being kept busy.

Mr. Robot - February 12, 2020, 12:40 am

My favorite pokemon will always be dragonite due to how dope the cards look. Just one of my all time favorites.

Other than that I would probably have to say any of the trainer cards due to their worth/value. I have a number of them i'm selling off at the moment (some worth \$200 USD each)

Got around 50k cards i'm trying to sell right now.

That's an easy answer for me. Gengar, he always has been my favorite.

Does anybody play the newer sword and shield Pokémon game though? Or does anyone still collect cards?

The Amazing Sinner - February 12, 2020, 7:41 am

My favorite Pokemon is Flygon or Salamence, love those 2. Any of you play the Pokemon games? Sword/Shield?

Dhoroty - February 12, 2020, 8:02 am

I like Mew. It is so cute, and the noise it makes is nice too.

SIM-3897961 - February 12, 2020, 8:27 am

Mewtwo was my favorite. Had some cool attacks imo.

SIM-4577611 - February 12, 2020, 9:40 am

Cards collecting is way too old for me now. I used to do collect cards and make an album of it back in the '90s and '20s

pythonalina - February 13, 2020, 12:41 pm

From all Pokemons i only know Pikachu. I know, I know there is a lot of people know only that one, but yeah. Oh and i am more into Bakugans.

I haven't watched much pokemon since back when I was a kid, I watched Yu-Gi-Oh and collected those cards (have every single one lol).

But gotta go with Umbreon.

Zexi - February 13, 2020, 3:40 pm

My favorite Pokemon is probably Mewtwo or Raichu. No other pokemon looked as badass as Mewtwo did though.

Amero - February 13, 2020, 3:48 pm

Snorlax is best pokemon ever existed, sleeps, eats, sleeps again and continue this for the rest of his pokemon life hahahaha

?ystem - February 13, 2020, 5:18 pm

I mean.. Pikachu is pretty awesome and an over-powered Pokemon in the series, but I have to give it to Charmander. He was a truly caring and deserving companion to Ash(even to his previous abusive/neglectful trainer), and went through a hilarious but necessary transition and maturity to become a f%\$king Charizard.

Controlled - February 13, 2020, 5:21 pm

It's all about that Magikarp

mirale - February 13, 2020, 5:51 pm
