Long story short this bot makes your model or/ your ewhore model rank in first page and gets you users. This can be used by STUDIOS or by EWHORERS. For now we offer both accounts or/ guests visits based on proxies. You need a GOOD VPS/Computer!! *won't work on single cores/dual cores for 100 views/guests

Only to staff or HIGH Rank members! Please read the thread. Thank you.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
