Thread: [Narcos: Mexico - Season 2](#)

Chronicon - February 13, 2020, 5:37 pm

Was waiting for this for a while and Netflix just released season two to Narcos: Mexico, anyone seen it yet? I'm half way through and I think it actually beats all the currently released Narcos series's.

Geralt - February 13, 2020, 6:11 pm

I'll watch it tomorrow, today I had to rewatch the last episode of the first season to remember what happened. Can't wait!

Can you imagine that one person has been killed because of narcos filming? "On September 15, 2017, one of the show's location scouts, Carlos Muñoz Portal, was reported as having been found murdered with multiple gunshot wounds, in his car on a dirt road in central Mexico, near the town of Temascalapa."

Season 2 was a bit disappointment IMO

I just finished second season and I think it's top notch.. Sound, actors, script, amazing!

henixzer - February 17, 2020, 7:12 pm

This is one of the best show in Narcos franchise

Chronicon - February 17, 2020, 7:28 pm

Is interesting to see what everyone thought of it, I think it's definitely very different from the first season but still just as good and if not better than the first sesosn.

Is Narcos Mexico way different than Colombia? I didn't know and skipped to Mexico.

Wouldn't say it's way different, Narcos Colombia is definitely worth a watch though as I find the story gets a lot deeper than in Mexico. Both hold they're weight as great series's though.

Character development is better since the story isn't only about 1 guy. And since the first Narcos was a great success, budget for this one was massive.

It's hard to follow it when you are on the phone since they don't speak English, I had to rewatch some parts because I skipped them like that

You need subtitles on and no phone

T2018 - March 16, 2020, 3:46 pm

Great show, every character convince me its happened in real life, its really sad to see Guadalupe died in the end, that will be one of the most shocking scenes in the show.

I'm pretty sure i tried season 1 and it wasn't in English and i didn't fancy sitting watching it with subtitles .. I might have a look and see if there's another torrent kicking about and maybe it's English .. I actually just finished Money Heist really enjoyed that .. I'm pretty sure part 3 is next month should be good ?
