Group Description: PROFIT is a group based on profiting its members, this is accomplished by paying monthly dividends based on a preset percentage dependant on a member's position in the group. This will ultimately mean, PROFIT will have a transparent bank, observed real-time by its members. Funds at any point and time would only be paid out to members. Not re-invested, not saved, no gimmicks, simply paid out to members monthly.

Group Description: Equilibrium is a group dedicated to giving support to all users throughout the entire forum on any topic. There have been many groups who have claimed to be helping the forum without showing anything to back it up. The concept of this group was inspired by a quote from Tranquility, the leader of a group formerly known as The Creed. Our members will be dedicated to helping out others in threads which are posing a question or calling us to action. Tutorial threads may be useful, but we feel that single posts who help one or more users inside their own threads are more valuable.

Status of Recruitment: Recruitment is [open](#), as of August 8th, 2018.

Group Description: Dawn is slowly transitioning into a Science, Religion, Philosophy, and Politics (SRPP) group and is now open for recruitment. We are looking for people who are interested in debating or simply discussing various topics but are also capable of acting mature, calm, and respectful towards other members of the group. We expect our members to be active, but most importantly, we want them to enjoy themselves and have fun! Dawn will be a group with a limited member count. Quality members are much more valuable to us than a large influx of members, and we prefer a family environment where everyone's views can be expressed and heard better. With a close group, our members will be able to get to know one another and form bonds or friendships rather than stay in the anonymity that bigger groups very regularly develop.

We also wish to use our group to provide members on Hack Forums with guides and other various services that they can read and take part in without actually being within the group.

That's my goal but I will need help from group leaders and owners if they're willing to post on this thread when something changes. It's hard monitoring 20 different groups. My goal is to update

regardless once every two weeks - 1 month or unless group was sold and rebranded.

Some of them were probably taken from old information or recruitment threads. Technically on the groups page Equilibrium's description is just "Without balance there is chaos."

I didn't take any of them from the official group description as most groups don't put them there anymore.

Most came from Information or recruitment threads.

BTW Going forward I'll be adding Past Leaders and Group Transfer History for each group.

I've been wondering if a thread like this would have ever made again. Nas keep up the good work.

I don't think there's an updated one. Browsing through old threads in this section does bring out old group threads and they were updated (with timeline) like two years ago. Would be nice to see what each group previously was.

I'm going to try to backtrack it although I'm not sure if I'll be successful in doing so. Too many rebrands but I'll try my best. Regardless from now on any group rebranded will be listed in the OP.

Most group changes/rebrands are posted in the HF News, under Group News. If someone was really dedicated then they could go through those to see when a group switched hands. Or, if you're interested in a particular group you can just search it's name in the news subforum.

For groups that date a few years back, you can even look at the old editions where the group member counts were updated every week and if the group is there one week but not the next, then it means it was rebranded during that week.

Group Description: PROFIT is a group based on profiting its members, this is accomplished by paying monthly dividends based on a preset percentage dependant on a member's position in the group. This will ultimately mean, PROFIT will have a transparent bank, observed real-time by its members. Funds at any point and time would only be paid out to members. Not re-invested, not saved, no gimmicks, simply paid out to members monthly.

Status of Recruitment: Recruitment is closed, as of February 13th, 2020.

Group Description: Equilibrium is a group dedicated to giving support to all users throughout the entire forum on any topic. There have been many groups who have claimed to be helping the forum without showing anything to back it up. The concept of this group was inspired by a quote from Tranquility, the leader of a group formerly known as The Creed. Our members will be dedicated to helping out others in threads which are posing a question or calling us to action. Tutorial threads may be useful, but we feel that single posts who help one or more users inside their own threads are more valuable.

I actually did use the same header as you as it was inspired purely by you and wanted to keep the nostalgic theme! I hope you liked it and glad it's still going strong. :)

Joining a group has always seemed interesting, but I'm never sure where to start and can't see myself buying into one. When I first joined, I remember seeing a great many of those original groups. There seemed to have been way more than there are now!
